About Coach Steven:

Coach Steven found the game back in 1990 playing in a high school fundraiser in Hazleton, PA. Shortly after graduating he moved to Columbus, MS and continued playing volleyball for a men's adult club team. In 2002, he moved to Jacksonville, FL where he continued playing indoor volleyball, met his wife Amber and began playing 2-man beach volleyball. There he competed in many local, regional and national beach volleyball events as a semi-pro athlete earning multiple tournament victories and prize money. Now, with a family of three small girls, he continues his love for the game by coaching and leading young female and male athletes in the sport of volleyball. His model for success is proper technique, good fundamentals, mental toughness and hard work. Do this and good things will happen!
